### Drilling Contest.

The following rules have been adopted by the Phoenix carnival committee to govern the contest to take place in the city during the early part of December:

1—Contest to be open to all entries. Entries to be made in double-hand and single-hand classes. Entries to be made by the 1st of November. Entries must be accompanied by an entrance fee of \$1.00 for double-hand and \$1.00 for single-hand teams.

2—The entrance money in each case will be added to the cash prizes in the class, in the proportion of 50 per cent to the first prize, 35 per cent to the second and 15 per cent to the third.

3—Entries will meet at headquarters to draw for positions. No 1 in each class to drill first in that class, and so on to the close of the drilling.

4—Steel will be measured and hammer measured at the rock. Steel to be 18 inches from head to bit and no swedge steel be allowed. Eight-pound hammers will be allowed in the double-team drill and four-pound hammers in the single-hand drill.

5—For both classes Gannison granite will be used, the work to be a down hole, the deepest hole to take first money, 2nd deepest the second money and the third deepest the third money.

The prize to be offered is not given but will undoubtedly be a good one. Here is a chance for the Bisbee team, Felix and Baxter to win a good prize. How about it, boys?

George Mitchell, manager of the Cobre Grande company was a passenger on the incoming train today, and will leave for the mines in the morning.

W. R. Brown, the general representative of the Santa Fe company, spent a few days in our city this week looking after the interests of that railroad company.

The much talked of change of time on the Southern Pacific will take place on Sunday. The east-bound train will arrive in Benson about 9 o'clock in the morning, and the west-bound about 4:30 p. m. There will be no change of time on the A. & S. E. for the present.
